

[illegible]

The image shows a blue centrifugal pump assembly, labeled '1', and a blue storage box containing various fittings and hardware, labeled '2'. The pump assembly is a blue, cast-iron unit with a yellow label on the side. It has a large, circular, flanged inlet on the left and a smaller, flanged outlet on the right. The pump is mounted on a blue, cast-iron base. The storage box is a blue, plastic box with multiple compartments. It contains various fittings and hardware, including elbows, tees, and straight sections, all in blue and yellow colors. The components are organized into compartments, with some larger components in the top row and smaller components in the bottom row.

1. Pompe centrifuge fonte à volute fermée et étanchéité d'arbre par garniture mécanique, livrée démontée
2. Caisse de rangement compartimentée en bois avec fond en mousse pour les gros éléments, équipée de fermetures et poignées métalliques rabattables
3. Malette de rangement compartimentée pour les petits éléments
